## **BUDGET MESSAGE**

## *TO: CHAIR AND BOARD OF DIRECTORS CENTRAL POINT DEVELOPMENT COMMISSION;*

**BUDGET COMMITTEE MEMBERS;** 

AND CITIZENS OF CENTRAL POINT

### **INTRODUCTION**

The FY 2016-17 Budget represents the Commission's first significant venture toward the physical implementation of the Plan. This becomes apparent in the knowledge that not only will it exceed, by a significant amount, all prior budgets combined, but it will also represent the Commission's first use of tax increment financing in the amount of \$1,700,000.

There are three actions that necessitate the size of the proposed budget:

- East Pine Streetscape Design & Engineering (\$210,000). As a carryover from the FY15-16 Budget, the Commission will be completing the design, preliminary engineering, and Phase 1 final construction engineering for the downtown streetscape project on East Pine Street. This design and engineering project will identify the scope and cost of constructing Phase 1 of the East Pine's streetscape.
- Phase 1 Streetscape Construction (\$1,348,010). The Phase 1 streetscape construction project will require an estimated \$1,700,000 tax increment revenue bond before commencement of construction. It can be expected that due to construction timing (beginning late spring 2017) that a large percentage of the construction funding will be carried forward to the FY17-18 Budget.
- 3. Bond Costs. Including the first year's estimated Debt Service Payment and Debt Service Reserve the total cost for the bond will be approximately \$102,000.

It should be noted that the costs and funding for the FY 2016-17 Budget will cover most of two fiscal years to see the Phase 1 streetscape project through to completion.

### **MISSION**

It is the primary mission of the Central Point Development Commission to eliminate blight and depreciating property values within the urban renewal district. This mission will be accomplished through the strategic implementation of projects and activities that consciously maximize both public and private investments within the Urban Renewal Area, investments that are designed to target, facilitate and strengthen the economic and aesthetic vitality of the urban renewal district as the City's traditional mixed-use urban core.

## **OVERALL GOAL**

The basic goal of the Development Commission is to address, through the implementation of the Plan, existing blighted conditions within the urban renewal district so that unused and underused properties can be placed in productive condition and utilized at their highest and best use in accordance with the *City of Central Point Comprehensive Plan*.

## **KEY OBJECTIVES AND ACTIVITIES**

Section 1.5.2 of the Plan identifies fourteen (14) goals and objectives to be accomplished by the Plan. Section 1.6 addresses the activities that the Commission may undertake. In July of 2013 the Development Commission prepared the *Central Point Urban Renewal Project Guide* identifying the Development Commission's top five activities to be undertaken over a five-year period (FY13-14 to FY17-18). The activities budgeted for FY 2016-17 are both long awaited and consistent with the Plan's goals and objectives and the Development Commission's activities schedule.

### **KEY PERFORMANCE MEASURES**

- Increased real property assessed value within the urban renewal district
- Track and manage Return-on-Investment (ROI) ratio between public and private investment dollars within the urban renewal district
- Completion of projects on schedule.

## **LEGAL COMPLIANCE**

- Notice of Budget Committee meeting
- Affidavit of Publication, Mail Tribune
- Resolution Adopting the Annual Budget
- FORM UR-50, Notice to Assessor

## **THE BUDGET**

This budget is a financial plan listing all planned expenses and revenues for fiscal year 2016-17. The Development Commission's budget consists of a single fund; the General Fund. The Budget's primary source of income is tax increment revenue, including proceeds from the sale of tax increment revenue bonds.

## **GENERAL FUND EXPENSES**

The Development Commission's expenses fall into one of four categories: Personal Services, Materials & Services, Capital Projects, and Debt Service. All expenditures are dedicated to implementation of the Plan.

### **PERSONAL SERVICES**

Funding for Personal Services (\$39,000) is related to the increase in the workload necessary to complete the budgeted projects. Rather than hire personnel for staffing the Development Commission the budget for Personal Services will be used to reimburse the existing City staff for the time committed to urban renewal.

Because of the East Pine Street project scheduled for this fiscal year the Personal Services budget has increased from last year.

#### **MATERIALS & SERVICES**

The Materials & Services category (\$120,300) is comprised of six subcategories, most of which address basic administrative requirements of the Development Commission. Such as; the costs of legal services, annual audit, materials, contract services, etc. For this fiscal year the costs for an anticipated bond sale have been added, substantially raising the total costs allocated to Materials and Services.

#### **CAPITAL PROJECTS**

The Capital Projects Fund accounts for all expenditures (\$1,588,010) on projects related to implementation of the fifteen (15) projects listed in the Plan. This includes such activities as project administration, design, engineering, and construction costs. Over the course of the next 21 years it is the Commission's charge to undertake each of these projects, while not exceeding its Maximum Indebtedness limit of \$43,177,530.

For FY 2016-17 the Capital Projects Fund includes the following projects:

- Engineering for the streetscape and signalization improvements on East Pine within the downtown (Project No. 1 and 5). This project was started in FY 2015-16 and will be completed FY 2016-17.
- Construction of Phase 1 of East Pine Streetscape Project (Project No. 1 and 5).
- Funding for the Economic Development Incentive Program (commercial façade improvement).

#### **DEBT SERVICE**

The purpose of the Debt Service category is to account for the payment of principal and interest due on Commission debt. For this fiscal year the Commission will pay interest on the \$125,000 loan from the City. The terms of the loan are 2% interest payments annually, with a \$125,000 balloon payment at the end of the fifth year (FY17-18). The Commission also has a debt service obligation in the amount of \$4,900 for improvements made along Hwy. 99 by Walgreen's per the Streetscape Reimbursement Program.

For the first time the Debt Service category will also include provision for repayment of the anticipated FY 2016-17 Bond.

#### **RESOURCES**

Funding for activities and projects will come from four sources; tax increment revenue, interest, cash balance forward, and bond proceeds, for a total of \$2,194,710.

#### FY 2016-17 BOND

It is anticipated that in FY 2016-17 the Commission will \$1,700,000 in bond proceeds.

#### TAX INCREMENT REVENUE

The primary source of urban renewal revenue will be bond proceeds, followed by tax increment revenue. For FY 2016-17 it is estimated that the Commission will receive \$325,000 in tax increment revenue.

#### **INTEREST & PREVIOUSLY LEVIED TAXES**

It is estimated that the Development Commission will receive \$2,600 in previously levied taxes and interest on its cash balance.

#### **BALANCE FORWARD**

The Commission will begin FY 2016-17 with an estimated beginning cash balance of \$167,110.

## **A BALANCED BUDGET**

By Oregon Law the budget is balanced at \$2,194,710.
