

The City is postponing the Citizen's Advisory Committee meeting scheduled for this evening until October 13, 2020 at 6pm. The last minute change is in response to the rapidly evolving wildfire events impacting residents in the valley, which may include members of the public interested in participating in this meeting. Project information including status updates is available on the City's website at: <https://www.centralpointoregon.gov/cd/page/2019-urban-growth-boundary-amendment>.

We look forward to seeing you all at the meeting next month. If you have any questions or concerns please contact us at [ugb@centralpointoregon.gov](mailto:ugb@centralpointoregon.gov) or 541.664.3321
